Fully Customizable
Your trailer, your way.

Full ADR Compliance
Safety is paramount.

Great Service
We proudly stand behind what we sell.

THE ORIGINAL AND THE BEST

We are one of the longest established manufacturers of tag plant and machinery trailers, dog trailers, pig trailers and drop decks in Australia. With over 35 years of trailer design and construction experience in every trailer we build, you can rest assured that you're purchasing a high quality, safe and reliable trailer for your business.

Tag Plant Trailers

We designed and built the original tag trailer over 35 years ago. Since then, we have continually improved on the design, and it continues to be an outstanding trailer. You'll see similar trailers all over the country now and we take that as a huge compliment.
